Meet Chip

Chip is the five-year-old son of Jacob and Kayla Chambers. He was recently diagnosed with Batten Disease — a rare, incurable genetic disorder. Chip loves being a kid, and he still wants to play baseball. There's a medication that can slow the disease, but their insurance won't cover it. Out of pocket, it costs \$7,000 a month. Every dollar raised on May 2 goes directly to the Chambers family. Come sing with us and help us support them.
